

**Welcome to Rivers Gallery to:**

**Sebastien David**

Seb is a stonemason and sculptor. The stone used in sculptures at Rivers Gallery were sourced in his native France.

This piece is called "elegance" and it truly is. It is sculpted from Burgundy limestone. It looks like a very light wood with a flowing grain but touch it and it feels like marble.

This piece is called "Veil" and is sculpted from Calais marble, the three sections each have a different colouring and texture. Do come into the gallery to see and feel for yourself.

**Liam Carolan oil on canvas**

This painting was a commission for a customer who already has some of Liam's work. Liam always paints from life, consequently the customer who commissioned this had to wait until globe artichokes were in season!

**New Work from old friend of Rivers Gallery**

**Anita Klein**

**"Wombat"**

**drypoint: edition 25**

**and**

**linocut: edition 50**

Anita Klein studied at Chelsea and the Slade schools of art. She is a fellow and past president of the Royal Society of Painters and Printmakers (re) and has work in many private and public collections in Europe, the USA and Australia, including the Arts Council of Great Britain.

She recently completed a one year residency in Australia and these pieces are an expression of her experience.
